Investment Objective

Long-term capital appreciation.

Risk Considerations

- Investment involves risk. It is possible to lose the principal capital of your investment.
- The Fund invests primarily in India-related companies. Investments in such companies may be subject to increased risks such as political, tax, economic, market, liquidity, custody and settlement, currency, legal and regulatory risks.
- The Fund invests primarily in equity securities, concentrated in India, which may result in increased volatility.
- The Fund may invest in smaller companies which are likely to carry higher risks than larger companies.
- The Fund does not hedge to attempt to offset certain market risks. This may expose the Fund to the risk of full losses resulting from a decline in a security's value.
- Investors should not invest in the Fund solely based on the information in this document.
