ENTITY MANAGED BY ANOTHER FINANCIAL INSTITUTION

An Entity is managed by another Entity if the managing Entity performs, either directly or through another service provider on behalf of the managed Entity, any of the following activities or operations: trading in money market instruments; foreign exchange; exchange, interest rate and index instruments; transferrable securities; or commodity futures trading.

An Entity only manages another Entity if it has discretionary authority to manage the other Entity's assets (either in whole or part). Where an Entity is managed by a mix of Financial Institutions, NFEs or individuals, the Entity is considered to be managed by another Entity that is a Depository Institution, a Custodial Institution, a Specified Insurance Company, or an Investment Entity that performs the above trading functions, if any of the managing Entities is such an Entity.
